The obligation of the Contractor, and its subcontractors, to purchase insurance shall not in any way limit the obligations of the Contractor in the event that GRTC or any of those named above should suffer any injury or loss in excess of the amount actually recoverable through insurance. Furthermore, there is no requirement or obligation for GRTC to seek any recovery against the Contractor's insurance company before seeking recovery directly from the Contractor.

Energy Conservation Requirements

Termination

Termination for Convenience (General Provision) The GRTC may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract closeout costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to GRTC to be paid the Contractor. If the Contractor has any property in its possession belonging to the GRTC, the Contractor will account for the same, and dispose of it in the manner the GRTC directs.

Termination for Default [Breach or Cause] (General Provision) If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform

in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the GRTC may terminate this contract for default. Termination shall be effected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the GRTC that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the GRTC, after setting up a RECONDITIONED delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

Opportunity to Cure (General Provision) The GRTC in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to GRTC's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within [ten (10) days] after receipt by Contractor or written notice from GRTC setting forth the nature of said breach or default, GRTC shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude GRTC from also pursuing all available remedies against Contractor and its sureties for said breach or default.

Waiver of Remedies for any Breach In the event that GRTC elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by GRTC shall not limit GRTC's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.
