RADIO EQUIPMENT**

PURPOSE.

The purpose of this Request for Fax Quote (RFQ) is for the procurement of Motorola radio equipment which consist of portable handhelds, docking stations and any related equipment.

BACKGROUND.

The Roanoke Valley Radio System is a digital trunked, 4 site simulcast 800 MHz Analog Simulcast Trunking failsoft system with conventional back up sites. The trunk system permits a large number of users to share a relatively small number of communication paths or trunks. The City of Roanoke's (City) digital system is 22 trunks. The Fire & Rescue, Police, Parks and Recreation, and General Services all share available trunks (all radios). The system has approximately 800 portables and 650 mobile radios. This sharing of communication paths is managed automatically by a computer. Of the 22 channels only 21 can be used for voice conversations. Every day one channel is used as a "control channel" which assigns radios in the field channel each time they transmit. Control channel is constant communication through all sites to keep all synced together and to assign which radio gets which channel. The "channel" or "TAC" names on your radio actually refer to what is called a "talkgroup". Each individual radio has a unique I.D. the controller can identify. A talkgroup is a method (programming) the system uses to group together radios so they will only communicate with radios in the same talkgroup. Simulcast systems consist of more than one radio site that simultaneously transmit on the same radio frequency. This allows the user to stay on the same channel/talkgroup when roaming from one site's coverage area to another. This simplifies the user experience, as it requires no extra effort on the part of the user; transparent to user, controlled by the system. This allows the best signal to be transmitted over a wider area. Failsoft is built in back up for a system problem. All radios will sound like an open mike with a short "beep" every 9 seconds which indicates the radio controller is not operating correctly to allocate channels. If this happens the trunk system is down. Each individual radio is assigned to one of the available channels. The System is still simulcasting and using all 4 sites therefore the systems range or coverage are not compromised. The system will remain on the assigned TAC channel and will receive radio traffic. Radio discipline is very important. The City of Roanoke Radio Technology Center is responsible for the maintenance, design, removal and installation of the city's two-way radio systems.

GRTC currently operates its two-way radio system on its revenue vehicles, service vehicles, and hand held radios utilizing the City's Motorola 800MHz trunk system. The current system can operate both analog and digital radios, however, current plans are to abolish the analog system sometime in late 2019 or 2020 and only support the digital system. GRTC is in the process of upgrading its equipment in order to meet the proposed schedule.

GRTC does not in any way represent that the coverages or the limits of insurance specified are sufficient or adequate to protect the Contractor's interest or liabilities, but are merely minimums. The obligation of the Contractor, and its subcontractors, to purchase insurance shall not in any way limit the obligations of the Contractor in the event that GRTC or any of those named above should suffer any injury or loss in excess of the amount actually recoverable through insurance. Notice of Federal Changes

Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Termination

Termination for Convenience (General Provision) The GRTC may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract closeout costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to GRTC to be paid the Contractor. If the Contractor has any property in its possession belonging to the GRTC, the Contractor will account for the same, and dispose of it in the manner the GRTC directs.

Termination for Default [Breach or Cause] (General Provision) If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the GRTC may terminate this contract for default. Termination shall be effected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the GRTC that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the

control of the Contractor, the GRTC, after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

Termination for Default (Construction Contracts only) If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provisions of this contract, the GRTC may terminate this contract for default. The GRTC shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, the GRTC may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. The Contractor and its sureties shall be liable for any damage to the GRTC resulting from the Contractor's refusal or failure to complete the work within specified time, whether or not the Contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the GRTC in completing the work.

The Contractor's right to proceed shall not be terminated nor the Contractor charged with damages under this clause if-

- A. the delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include: acts of God, acts of the GRTC, acts of another Contractor in the performance of a contract with the GRTC, epidemics, quarantine restrictions, strikes, freight embargoes; and
- B. the contractor, within [10] days from the beginning of any delay, notifies the GRTC in writing of the causes of delay. If in the judgment of the GRTC, the delay is excusable, the time for completing the work shall be extended. The judgment of the GRTC shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of the Contractor's right to proceed, it is determined that the Contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if the termination had been issued for the convenience of the GRTC.

Opportunity to Cure (General Provision) The GRTC in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to GRTC's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within [ten (10) days] after receipt by Contractor or written notice from GRTC setting forth the nature of said breach or default, GRTC shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude GRTC from also pursuing all available remedies against Contractor and its sureties for said breach or default.

Waiver of Remedies for any Breach In the event that GRTC elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by GRTC shall not limit GRTC's remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

Disadvantaged Business Enterprise, 49 CFR Part 26

The contractor or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of DOT assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy, as the recipient deems appropriate.

The Federal Fiscal Year goal has been set by the GRTC in an attempt to match projected procurements with available qualified disadvantaged businesses. The GRTC's goals for budgeted service contracts, bus parts, and other material and supplies for Disadvantaged Business Enterprises have been established by the GRTC as set forth by the Department of Transportation Regulations 49 C.F.R. Part 26, February 2, 1999, and is considered pertinent to any contract resulting from this request for proposal.

If a specific DBE goal is assigned to this contract, it will be clearly stated in the Specifications, and if the contractor is found to have failed to exert sufficient, reasonable, and good faith efforts to involve DBE's in the work provided, the GRTC may declare the Contractor noncompliant and in breach of contract. If a goal is not stated in the Special Specifications, it will be understood that no specific goal is assigned to this contract.

- (a) Policy - It is the policy of the Department of Transportation and the GRTC that Disadvantaged Business Enterprises, as defined in 49 CFR Part 26, shall have the maximum opportunity to participate in the performance of Contract financed in whole or in part with federal funds under this Agreement. Consequently, the DBE requirements of 49 CFR Part 26 apply to this Contract.

The Contractor agrees to ensure that DBEs as defined in 49 CFR Part 26 have the maximum opportunity to participate in the whole or in part with federal funds provided under this Agreement. In this regard, the Contractor shall take all necessary and reasonable steps in accordance with the regulations to ensure that DBEs have the maximum opportunity to compete for and perform subcontracts. The Contractor shall not discriminate on the basis of race, color, national origin, religion, sex, age or physical handicap in the award and performance of subcontracts.

It is further the policy of the GRTC to promote the development and increase the participation of businesses owned and controlled by disadvantaged. DBE involvement in all phases of the GRTC's procurement activities is encouraged.

- (b) DBE obligation - The Contractor and its subcontractors agree to ensure that disadvantaged businesses have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with federal

funds provided under the Agreement. In that regard, all Contractors and subcontractors shall take all necessary and reasonable steps in accordance with 49 CFR Part 26 to ensure that minority business enterprises have the maximum opportunity to compete for and perform contracts.

- (c) Where the Contractor is found to have failed to exert sufficient reasonable and good faith efforts to involve DBE's in the work provided, the GRTC may declare the contractor noncompliant and in breach of contract.
- (d) The Contractor will keep records and documents for a reasonable time following performance of this contract to indicate compliance with the GRTC's DBE program. These records and documents will be made available at reasonable times and places for inspection by any authorized representative of the GRTC and will be submitted to the GRTC upon request.
- (e) The GRTC will provide affirmative assistance as may be reasonable and necessary to assist the prime contractor in implementing their programs for DBE participation.

The assistance may include the following upon request:

- * Identification of qualified DBE

The GRTC (and its Contractors) also agrees to comply with all applicable requirements of section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, which prohibits discrimination on the basis of handicaps, and with the Americans with Disabilities Act of 1990 (ADA), as amended, 42 U.S.C. §§ 12101 *et seq.*, which requires that accessible facilities and services be made available to persons with disabilities, including any subsequent amendments thereto. Certification Regarding Debarment, Suspension, and Other Responsibility Matters - Lower Tier Covered Transactions. (Third Party Contracts Over \$25,000)

The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

Protest Procedures

BID / PROPOSAL PROTEST PROCEDURES

General - Protests may be made by prospective bidders or proposers whose direct economic interest would be affected by award of a contract or by failure to award a contract. GRTC will consider all protests requested in a timely manner regarding the award of a contract, whether submitted before or after an award. All protests are to be submitted in writing to: Greater Roanoke Transit Company, 1108 Campbell Avenue SE, Roanoke, VA 24013. Protest submissions should

be concise, logically arranged, and clearly state the grounds for protest. A protest must include at least the following information:

- (a) name, address, and telephone number of protestor,
- (b) identification of contract solicitation number,
- (c) a detailed statement of the legal and factual grounds of the protest, including copies of relevant documents, and
- (d) a statement as to what relief is requested.

Protests must be submitted to GRTC in accordance with these procedures and time requirements, must be complete and contain all issues that the protestor believes relevant.

In the procedures outlined below, the General Manager is considered to be the Contracting Officer.

Protests Before Bid Opening - Bid protests alleging restrictive specifications or improprieties which are apparent prior to bid opening or receipt of proposals must be submitted in writing to the Contracting Officer at the address above and must be received at least seven (7) days prior to bid opening or closing date for receipt of bids or proposals. If the written protest is not received by the time specified, bids or proposals may be received and award made in the normal manner unless the Contracting Officer determines that remedial action is required. Oral protests not followed up by a written protest will be disregarded. The Contracting Officer may request additional information from the appealing party and information or response from other bidders, which shall be submitted to the Contracting Officer not less than ten (10) days after the date of GRTC's request. So far as practicable, appeals will be decided based on the written appeal, information and written response submitted by the appealing party and other bidders. In failure of any party to timely respond to a request for information, it may be deemed by GRTC that such party does not desire to participate in the proceeding, does not contest the matter, or does not desire to submit a response, and in such a case, the protest will proceed and will not be delayed due to the lack of a response. Upon receipt and review of written submissions and any independent evaluation deemed appropriate by GRTC, the Contracting Officer shall either (a) render a decision, or (b) at the sole election of the Contracting Officer, conduct an informal hearing at which the interested parties will be afforded opportunity to present their respective positions and facts, documents, justification, and technical information in support thereof. Parties may, but are not required to, be represented by counsel at the informal hearing, which will not be subject to formal rules of evidence or procedures. Following the informal hearing, if one is held, the Contracting Officer will render a decision, which shall be final, and notify all interested parties thereof in writing but no later than ten (10) days from the date of informal hearing.

Protests After Bid Opening/Prior to Award - Bid protests against the making of an award by the GRTC must be submitted in writing to the Contracting Officer and received within seven (7) days of the award by the GRTC. Notice of the protest and the basis therefore will be given to all bidders or proposers. In addition, when a protest against the making of an award by the GRTC is received and it is determined to withhold the award pending disposition of the protest, the bidders or proposers whose bids or proposals might become eligible for award shall be requested, before expiration of the time for acceptance, to extend or to withdraw the bid. Where a written protest against the making of an award is received in the time period specified, award will not be made prior to seven (7) days after resolution of the protest unless GRTC determines that:

- (a) the items to be purchased are urgently required
- (b) delivery or performance will be unduly delayed by failure to make award promptly, or
- (c) failure to make award will otherwise cause undue harm to GRTC or the federal government.

Protests After Award - In instances where the award has been made, the Contractor shall be furnished with the notice of protest and the basis therefore. If the contractor has not executed the contract as of the date the protest is received by GRTC, the execution of the contract will not be made prior to seven (7) days after resolution of the protest unless GRTC determines that:

- (a) the items to be purchased are urgently required
- (b) delivery or performance will be unduly delayed by failure to make award promptly, or
- (c) failure to make award will otherwise cause undue harm to GRTC or the federal government.

Protests to Federal Transit Administration (FTA) - Under certain limited circumstances, an interested party may protest to the FTA the award of a contract pursuant to an FTA grant. FTA's review of any such protest will be limited to:

- (a) alleged failure by GRTC to have written protest procedures or alleged failure to follow such procedures, or
- (b) alleged violations of specific federal requirement that provides an applicable complaint procedure shall be submitted and processed in accordance with that federal regulations.

Protestors shall file a protest with FTA not later than five (5) working days after a final decision of GRTC's Contracting Officer is rendered under the GRTC protest procedure. In instances where the protestor alleges that GRTC failed to make a final determination on the protest, the protestor shall file a complaint with FTA no later than five (5) federal working days after the protestor knew or should have known of GRTC's failure to render a final determination in the protest.

Submission of Protest to FTA - Protests submitted to FTA should be submitted to the FTA Region III Office in Philadelphia, Pennsylvania with a concurrent copy to GRTC. The protest filed with FTA shall:

- (a) include the name and address of the protestor
- (b) identify the GRTC project number and the number of the contract solicitation,
- (c) contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to follow GRTC's protest procedures, or the alleged failure to have procedures, and be fully supported to the extent possible,
- (d) include a copy of the local protest filed with GRTC and a copy of the GRTC decision, if any.

GRTC's Role and Responsibilities. The Common Grant Rules charges the GRTC with the initial responsibility to resolve protests of third party contract awards.

Responsibilities to FTA. The recipient's minimum responsibilities to FTA consist of the following:

1. Notify FTA Expeditiously. The Common Grant Rule for governmental recipients requires a governmental recipient to notify FTA when it receives a third party contract protest to which this circular applies, and to keep FTA informed about the status of the protest. A non-governmental recipient involved in a protest is similarly expected to notify FTA when it receives a third party contract protest to which the circular applies, and to similarly keep FTA informed about the status of the protest. The Company is expected to provide the following information:

2. Subjects. A list of protests involving third party contracts and potential third party contracts that:
 - a) Have a value exceeding \$100,000, or
 - b) Involve a controversial matter, irrespective of amount, or
 - c) Involve a highly publicized matter, irrespective of amount.
3. Details. The following information about each protest:
 - a) A brief description of the protest,
 - b) The basis of disagreement, and
 - c) If open, how far the protest has proceeded, or
 - d) If resolved, the agreement or decision reached, and
 - e) Whether an appeal has been taken or is likely to be taken.
4. When and Where. The recipient should provide this information:
 - a) In its next quarterly Milestone Progress Report, and
 - b) At its next Project Management Oversight review, if any.Small recipients may report less frequently if no protests are outstanding.
5. FTA Officials to Notify. When a recipient denies a bid protest, and especially if an appeal to FTA is likely to occur, FTA expects the recipient to inform the FTA Regional Administrator for the region administering a regional project, or the FTA Associate Administrator for the program office administering a headquarters project directly. FTA also encourages the recipient to keep its FTA project manager informed about protests with which it is involved. In particular, the recipient should contact its project manager about any unusual activity.
 - (a) Access to Information. FTA expects the recipient to disclose information about any third party procurement protest to FTA upon request. FTA reserves the right to require the recipient to provide copies of a particular protest or all protests, and any or all related supporting documents as FTA may determine necessary.

FTA's Role and Responsibilities. FTA has developed an appeals process for reviewing protests of a recipient's procurement decisions.

Requirements for the Protester. The protester must:

- (a) Qualify as an "Interested Party". Only an "interested party" qualifies for FTA review of its appeal. An "interested party" is a party that is an actual or prospective bidder or offeror whose direct economic interest would be affected by the award or failure to award the third party contract at issue.
 - 1 Subcontractors. A subcontractor does not qualify as an "interested party" because it does not have a direct economic interest in the results of the procurement.
 - 2 Consortia/Joint Ventures/Partnerships/Teams. An established consortium, joint venture, partnership, or team that is an actual bidder or offeror and is acting in its entirety, would qualify as an "interested party" because it has a direct economic interest in the results of the procurement. An individual member of a consortium, joint venture, partnership, or team, acting solely

in its individual capacity, does not qualify as an “interested party” because it does not have a direct economic interest in the results of the procurement.

3 Associations or Organizations. An association or organization that does not perform contracts does not qualify as an “interested party,” because it does not have a direct economic interest in the results of the procurement.

(b) Exhaust Administrative Remedies. The protester must exhaust its administrative remedies by pursuing the recipient’s protest procedures to completion before appealing the recipient’s decision to FTA.

(c) Appeal Within Five Days. The protester must deliver its appeal to the FTA Regional Administrator for the region administering its project or the FTA Associate Administrator for the program office administering its project within five (5) working days of the date when the protester has received actual or constructive notice of the recipient’s final decision. Likewise, the protester must provide its appeal to the FTA Regional Administrator for the region administering its project or the FTA Associate Administrator for the program office administering its project within five (5) working days of the date when the protester has identified other grounds for appeal to FTA. For example, other grounds for appeal include the recipient’s failure to have or failure to comply with its protest procedures or failure to review the protest.

(1) Extent of FTA Review - As provided in the Common Grant Rule for governmental recipients, FTA will limit its review of third party contract protests as follows:

(a) The Recipient’s Procedural Failures - FTA will consider a protest if the recipient:

1. Does not have protest procedures, or
2. Has not complied with its protest procedures, or
3. Has not reviewed the protest when presented an opportunity to do so.

(b) Violations of Federal Law or Regulations - FTA will not consider every appeal filed by a protestor of an FTA recipient’s protest decision merely because a Federal law or regulation may be involved. Instead, FTA will exercise discretionary jurisdiction over those appeals involving issues important to FTA’s overall public transportation program. FTA will refer violations of Federal law for which it does not have primary jurisdiction to the Federal authority having proper jurisdiction.

(c) Violations of State or Local Law or Regulations - FTA will refer violations of State or local law to the State or local authority having proper jurisdiction.

(2) FTA Determinations to Decline Protest Reviews - FTA’s determination to decline jurisdiction over a protest does not mean that FTA approves of or agrees with the recipient’s decision or that FTA has determined the contract is eligible for Federal participation. FTA’s determination means only that FTA does not consider the issues presented to be sufficiently important to FTA’s overall program that FTA considers a review to be required.

The bidder or proposer agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

- (b) Have not within a three year period preceding this proposal been convicted of or had a civil judgment rendered against them or commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State, or local) transaction or contract under a public transaction: violation of Federal or State antitrust statute or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;
- (c) Are not presently indicted for or otherwise criminally or civilly charged by a government entity (Federal, State, or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and
- (d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

I understand that a false statement on this certification may be grounds for rejection of this proposal or termination of the award. In addition, under 18 USC Sec. 1001, a false statement may result in a fine of up to \$10,000 or imprisonment for up to 5 years, or both.
